

Suicide Prevention Activities

Authored by Joan Wyler

Talbert House

Talbert House coordinates a variety of suicide prevention resources throughout Hamilton County. These Community Outreach Prevention and Education services known as COPE, are funded by the Hamilton County Mental Health and Recovery Services Board. This funding provides educational materials and/or speakers for a general audience or to organizations and schools who target at risk youth and adults.

In addition, the Hamilton County Suicide Prevention Coalition is available to respond to individual questions and concerns, as well as make referrals for assistance. The coalition is a collaboration of community behavioral health organizations, including Talbert House, that offer programs to address mental health, addiction and suicide issues/questions.

Over the past year suicide prevention materials were distributed at such events as: NAMI Walk, Out of Darkness Walk, Mental Health Day on Square, Prospect House Annual Picnic, Veterans Hospital Mental Health Conference, Price Hill Women's Health Fair, Latino Health Fair, University of Cincinnati and Xavier University Health Fairs, Horseshoe Casino Employees Health Fair, as well as church and other local school sponsored events.

If your organization is hosting an event and would like to include suicide prevention information, please contact: joan.wyler@talberthouse.org.

Note: Anyone can call **513-281-CARE (2273)** or **text Talbert to 839863** if in crisis or in need of immediate assistance.
